Goldrich Amends Terms of Forward Gold Sales

Spokane, WA – December 3, 2009 - Goldrich Mining Company (OTCBB - GRMC) (the “Company”) announces that its Board of Directors has approved the amendment of the terms of sale of up to \$7 million of forward gold sales as previously announced on November 9, 2009. Proceeds from the forward gold sales will be used primarily to finance the start-up of commercial production at the Company’s Chandalar gold project.

The amended forward gold sales contract includes terms to sell gold forward at the lesser of \$850 per ounce or a 25% discount to market price as calculated on the date of sale and will specify delivery of gold in November 2011. The forward gold sales contract contains standard terms regarding delivery and receipt of gold and payment of delivery costs. A finder's fee of 6% of the proceeds is payable for forward gold sales made through arm's length third parties.

Additionally, for each dollar of gold purchased, the purchaser will receive one half of a common stock purchase warrant. Each whole warrant is exercisable to purchase one share of common stock of the Company at an exercise price of \$0.65 for a period of two years following the date of issue. In the event that the Company’s shares of common stock trade in the United States at a closing price of greater than \$1.00 per share for a period of 10 consecutive trading days at any time following the issuance of the warrants, the Company has the right to force exercise of the warrants. The terms of the warrants were not amended.

The securities have not been and will not be registered under the Securities Act of 1933, as amended, or any state securities laws and may not be offered or sold in the United States absent such registration or an applicable exemption from such registration requirements. This press release does not and shall not constitute an offer to sell or the solicitation of an offer to buy any of the securities, nor shall there be any sale of the securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration under the securities laws of any state or jurisdiction.
